2b: Supports and engages families and communithrough respectful, reciprocal relationships.	ties 1	2	3	4					
2c: Involves families and communities in young children's development and learning.	1	2	3	4					
3. Candidates prepared in early childhood degree programs understand that child observation, documentation, and other forms of assessment are central to the practice of all early childhood professionals. They know about and understand the goals, benefits, and uses of assessment. They know about and use systematic observations, documentation, and other effective assessment strategies in a responsible way, in partnership with families and other professionals,									

	to positively influence the development of every ch	ild.							
	Understands the goals, benefits, and uses of assessment – including its use in development of appropriate goals, curriculum, and teaching strategies for young children	1	2	3	4				
3b:	Knows about and uses observation, documentation, and other appropriate assessment tools and approaches, including the use of technology in documentation, assessment and data collection.	1	2	3	4				
3c:	Understands and practices responsible assessment to promote positive outcomes for each child, including the use of assistive technology for children with disabilities.	1	2	3	4				
4.	4. Candidates prepared in early childhood degree programs understand that teaching and learning with young children is a complex enterprise, and its details vary depending on children's ages, characteristics, and the settings within which teaching and learning occur. They understand and use positive relationships and supportive interactions as the foundation for their work with young children and families. Candidates know, understand, and use a wide array of developmentally appropriate approaches, instructional strategies, and tools to connect with children and families and positively influence each child's development and learning.								
4a:	Understands positive relationships and supportive interactions as the foundation of his/her work with young children.	1	2	3	4				
4b:	Knows and understands effective strategies and tools for early education, including appropriate uses of technology.	1	2	3	4				
4c:	Uses a broad repertoire of developmentally appropriate teaching /learning approaches.	1	2	3	4				
4d:	Reflects on own practice to promote positive outcomes for each child.	1	2	3	4				
5.									
	Understands content knowledge and resources in academic disciplines: language and literacy; the arts – music, creative movement, dance, drama, visual arts; mathematics; science, physical activity, physical education, health and safety; and social studies.	1	2	3	4				
5b:	Knows and uses the central concepts, inquiry tools, and structures of content areas or academic disciplines.	1	2	3	4				
5c:	Uses own knowledge, appropriate early learning standards, and other resources to design, implement, and evaluate developmentally meaningful and challenging curriculum for each child.	1	2	3	4				

6. Candidates prepared in early childhood degree programs identify and conduct themselves as members of the early childhood profession. They know and use ethical guidelines and other professional standards related to early childhood practice. They are continuous, collaborative learners who demonstrate knowledgeable, reflective and critical perspectives on their work, making informed decisions that integrate knowledge from a variety of sources. They are informed advocates for sound educational practices and policies.									
6a: Identifies and involves oneself with the early childhood field.									
6b: Knows about and upholds ethical standards and other early childhood professional guidelines.									
6c1: Engages in continuous, collaborative learning to inform practice;									
6c2: Uses technology effectively with young children, with peers, and as a professional resource.									
6d: Integrates knowledgeable, reflective, and critical perspectives on early education.									
6e: Engages in informed advocacy for young children and the early childhood profession.
